

Eyewitness #1 forwarded to me the two emails sent to the BPD's lead detective on Brynia's case. Det McIntyre also confirmed via text that the videos had already been received by the lead detective.

The same lead detective was assigned back onto the case.

Thank you so much!

You are very welcome

Also, please would you let me know which video was first filmed? Going toward bakes, or going toward Lake Isabella?

Going down to Bakersfield was first! I believe it's clearer because we sent it straight from the dash cam app..I'll resend the other and see if it clearer! We noticed that also

Thank you!

" contact the detectives soon in a day or two or as soon as I have everything together. They dropped the ball, literally, with your videos. I was told by the Det in texting that Brynia went to the river voluntarily in her own vehicle. You video disproves their findings.

Thank you.

I'm just thankful you reached out

We were trying to figure out how much time passed between the two videos

Got it - thank you. Your new clear videos you had sent show the times as 11:08 and 12:02. So less than an hour between videos.

And August 3rd!! Which is huge for us to know.

[REDACTED]

Yeah I don't understand how they could be that close together unless that's the downloaded time

[REDACTED]

I'm going to check around tomorrow as well around town. I'm taking the day off from work. I'm going to make this as solid as I can and also I might go over Det Juarez and McIntyre and directly to their supervisor. I'm going to consult some people I know if I should go this route...squeaky wheel gets the grease. But I think it's the best approach at this point.

[REDACTED] did the BPD take an eyewitness statement from you? I suspect they may want to once I do contact them. I hope that's okay.

No just took the statement over the phone and had me send him videos and never heard a word

I thought so. I doubt they looked too closely at the videos. Thank you again.

Yeah [REDACTED] but I will do anything that I need to do to help

I appreciate it. [REDACTED]

[REDACTED] Update: I called the District Attorney today, talked to some ladies there about the evidence on the videos and that BPD detectives didn't look into them. The investigator was out but will call me back. I also left a voicemail with the Chief of PD relaying the same information. I may not hear back today, but wanted to let you know I've got this moving now. I hope you and your loved ones have a nice weekend.

I'm so glad things are moving forward!! Hopefully they will call ASAP! You also! [REDACTED]
