

I filed a complaint with the Bakersfield PD – Internal Affairs office on Aug 16, 2025, for Brynia’s homicide being buried. I did this after the Kern County District Attorney’s office told me via email on June 13, 2025 to take my complaint back to BPD. But before I went back to the BPD, [REDACTED] [REDACTED]
[REDACTED]

I am submitting documentation regarding the [REDACTED] investigation by the Bakersfield Police Department (BPD) [REDACTED]. The victim is my niece, Brynia Kayle Harris-Czubko [REDACTED], whose death was wrongfully closed as an “accidental drowning” despite clear forensic inconsistencies and dashcam evidence showing her body being carried near her vehicle.

[REDACTED] BPD [REDACTED] received this evidence— [REDACTED]
[REDACTED] reassigned the case back to the same detective who [REDACTED] it, and ultimately relegated it to “cold case” status. [REDACTED]

For purposes of this submission, I am attaching:

1. My full complaint letter to the BPD Public Integrity Unit
2. [REDACTED]

Respectfully,

Karen [REDACTED]

[REDACTED] my niece's homicide. Botched investigation. [REDACTED] ignored forensic evidence [REDACTED]

To Whom It May Concern:

My name is Karen [REDACTED], born [REDACTED] Tehachapi, CA. I am speaking for my niece, Brynia Kayle Harris-Czubko, born [REDACTED] deceased [REDACTED] in Bakersfield. [REDACTED].

I am submitting this correspondence in accordance with proper chain-of-command protocol to report the burial of a homicide investigation by [REDACTED] Bakersfield Police Department ("BPD") [REDACTED]

On August 4, 2020, my niece's body was recovered from the Kern River. Her vehicle was parked along Highway 178. [REDACTED]

BPD [REDACTED] closed the case as an "accidental drowning," despite the autopsy's failure to determine an official cause of death and the absence of fluid in her lungs. [REDACTED]

[REDACTED]

In October 2021, I found an eyewitness, [REDACTED] provided me with two dash cam videos:

1. The first video going down Highway 178 canyon shows my niece's vehicle parked along the river on Highway 178 and a white truck with a distinctive camper and dirt bike mounted on the back. Two men are in the background.
2. The second video, recorded while returning up the canyon, shows a human body being carried face down, a few feet from my niece's car. There is obvious rigor mortis [REDACTED]
[REDACTED] located only a few feet from my niece's vehicle.

The dash cam videos are dated August 3, 2020. [REDACTED] also forwarded two emails to me dated August 5, 2020, proving that [REDACTED] had sent Detective Juarez the videos. On November 2, 2021, Detective Frank McIntyre confirmed via text message that Detective Juarez already had been in possession of the videos prior.

[REDACTED]
Michael Gerrity of the BPD Homicide unit assigned Detective Juarez back to the case to address the very error he committed. This was an obvious conflict of interest [REDACTED]

[REDACTED] Months later, [REDACTED]
[REDACTED] I requested of Michael Gerrity to have a new investigator assigned to the case. In his e-mail reply, Michael Gerrity copied Detective Juarez on the email so that the detective could see my complaint against him. This was highly inappropriate and violation of my confidentiality, [REDACTED]
[REDACTED].

Throughout the email exchanges through July 2023, [REDACTED]
[REDACTED] If the communications were not retained by the BPD, then I have them all to give upon request. [REDACTED]
